GENERAL NOTICE 1

Kills & controls! Safe for kitchens, schools, hospitals and other sensitive areas Safe for use around children & pets* *when used as directed
CAUTION KEEP OUT OF REACH OF CHILDREN See back panel for additional precautionary statements

GENERAL NOTICE 2

PRECAUTIONARY STATEMENTS With direct contact, causes moderate eye irritation. Avoid contact with eyes and skin. Product is not intended for use on animals. During prolonged exposure to dust, use of a NIOSH approved respirator is recommended. Do not apply directly to plants. FIRST AID If In Eyes: If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. If On Skin: Wash thoroughly with soap and water. If Inhaled: Move affected person(s) to fresh air. If Ingested: Rinse mouth out with water and contact a doctor for treatment advice. If irritation develops, contact a doctor or poison control center for treatment advice. Have the product label or container with you when calling a doctor or going for treatment.

GENERAL NOTICE 3

FOR INDOOR USE: Apply to wall voids, cracks and crevices where insects harbor, including, but not limited to: behind backsplashes, baseboards and under carpet tack strips. Prior to use, test a small inconspicuous area to check for possible staining.

GENERAL NOTICE 4

FOOD AREAS AND FOOD HANDLING: Apply product directly into voids in food preparation areas such as walls, floorboards, under and around appliances, waste disposal areas and any other area where insects may be hiding or harboring. For use on non-food contact surfaces. If incidental contact occurs, clean up thoroughly.

GENERAL NOTICE 5

FOR OUTDOOR USE: For control of crawling pests that enter structures from outdoor areas, apply along edges of patios, cracks or expansion joints in or along foundations or pavement, driveways, porches, doorways (to include French and sliding glass doors), window sills and weep holes. Dust may also be applied in those areas where pests harbor around the structure to include under doormats, under and around potted plants, patio furniture, columns, eaves and soffits. For best results, apply dust directly to insects. Re-apply as needed or if dust becomes wet.

GENERAL NOTICE 6

STORAGE AND DISPOSAL Any unused product must be disposed of on site or at an approved waste disposal facility. STORAGE: Store in a cool, dry area away from heat, sparks and open flame. DISPOSAL: Do not reuse or refill this container. When container is empty, recycle if available or dispose of in trash.

GENERAL NOTICE 7

DIRECTIONS FOR USE Read entire label prior to use and use product as directed. Product may be applied directly or with a manual or power duster. The amount of product to be applied will vary with the site but should usually be in the range of 12-45 oz. per 100 ft². For heavy infestations or for use on spiders or larger insects such as American cockroaches, the 45 oz. rate is recommended. Store sealed product in a dry area between uses.
